

## How to download supplementary resources in this course.

Many lessons in this course have downloads available for you to save to your computer. These include your Reiki manuals, audio meditations and handouts. The way you can tell if a lecture has materials you can download is by seeing if there is a download icon below the title of the lecture.

Once you open your lecture you should see a navigation bar on the right hand side of your screen. If you click on the second icon, you will see a list of the materials available for download in this lecture.

By clicking on the download icons to the right of the title you will be able to open and save your files to your computer.

This will allow you to review your materials at your convenience.
